

HorseTools®

www.horsetools.com

Price list for Laser Engraving.

For a sample we charge logo/start cost only, and nothing for the laser engraving. When you make the real order with the exact same logo as the sample, we charge a repeat start cost and the laser engraving.

With an order of 1152pcs, you can choose to allow four (4) months delivery time, and we will include your logo for free. Prepayment necessary.

All prices are based on EPS/vector-file logo or accepted high quality graphic files. Artwork cost is added if we receive your logo on paper, or other substandard graphics which we need to make working digital files from. Ask if you don't know if your material is the right format.

HorseTools and freight costs are to be added. (Moms 25% is to be added in Sweden.)

Notice! The laser "colour" could be black or grey so there is always a risk of different "colours" in the laser process.

Article	EUR Price	SEK Price
Logo/start cost	€69,90	650:-
Repeat start cost	€39,90	360:-
Laser Engraving Price/each		
24 (1-24pcs total price)	€49,00	450:-
